

Colony Printing would like to introduce our newest division - CP Digital.

CP Digital has been created to cater for the ever demanding short run, low cost sector of the industry. There are a lot of advantages with Digital Printing, such as last minute jobs, small print runs, or you just want that something different for your next function.

CP Digital, is a division that will set your brand apart from the rest which includes banners, posters, corflutes, signs, POS material, company profiles, publications, annual reports, and of course promotional materials.

The future of print is here now...
